

Shorewood Water District Meeting Minutes Saturday, July 25, 2026

Attendees: Margie & Craig McCall, Jeff & Jill Erickson, Maureen Truhler, Robert Flascher, John Flascher, Kari Fairclough, Chris Aadalen, Matthew Anderson, Frank & Priscilla Mitchell, John & Jodie Maher, CJ & Jen Bergman, and Joe & Tina Heidelberger

Chris Aadalen called the meeting to order at 10:05am.

Well Update:

- Joe reported that Traut dug two unsuccessful test holes in June due to fine sand at the required depth for needed water flow. The state of Minnesota provided four options, which were shared with attendees. After discussion, attendees unanimously approved option #1: drill a lower-capacity well and blend it with the current well to reduce radium below the MCL. Additional pumphouse work is required and updated electrical and Traut quotes will be needed. A copy of the information provided by the state is attached.

Next Steps:

- Joe will obtain a quote from an electrical contractor for the work that will need to be done in the pumphouse as well as an updated quote from Traut. Once obtained, we will share that information with residents.

Financial Updates:

- As of June 30, 2026 our current balance in our checking account was \$43,010.49 and \$42,788.59 in our savings account.
- We still have \$15K in grant money to use towards our project. Chris continues to investigate other grant opportunities that our project meets their requirements.

Meeting adjourned at 10:35am.

Respectfully submitted,

Tina Heidelberger
